**UNMATCHED
ELEGANCE**

Teak hardwood flooring is an attractive, durable option coupled with unique surface designs, and precision craftsmanship gives the entire flooring range a touch of class.

WOODEN FLOORING

04

TEAKWOOD &
HDHMR

PRODUCT CHARACTERISTICS

TEAK WOOD

- Natural wooden flooring maintains the temperature like in winter it does not get cold and in summer does not get warm due to the natural characteristic of timber.
- The best part of the wooden flooring is, it gives the warmth and luxurious feel to your home.
- We are using high quality teak wood for the entire process.
- Size variant available in Teakwood flooring is 18mm & 20mm

HDHMR

- HDHMR flooring is popular due to ease of installation & its simple maintenance, easy cleaning methods, resistance to stains & a very durable surface due to the "Wear resistant layer.
- "Withstands moisture better than hardwood. Laminate flooring typically does not fade from sunlight as quickly and noticeably as hardwood flooring.
- Size variant available in HDHMR flooring is 8mm & 12 mm

FACTS AND FIGURES

Our wood flooring are completely customized in the way of size, dimension, design and complete surface can be finished with melamine polish (matt, glossy) or PU (matt, glossy). All the process are done by machines. Vrist floors are easy to install, luxurious, feel natural, and great in look. Designs of exotic wood grains in every single tile format. This flooring style leaves you with an open and unfettered look. Your eyes are taken in to the rich elegance of our floors, your feet will sense a smooth texture underneath.
